SEC. 4. The said horse railway on Sherman avenue, from Milburn street

to Davis street shall be completed and the cars running thereon for the carriage of passengers within nine months after the passage of this ordinance. The said railways on Church street, Milburn street, and all the other streets, avenues, or parts thereof embraced in this ordinance, in so far as the same are opened or extended, shall be fully completed within two years after the passage of this ordinance. If any part of said streets shall remain unopened or not extended for a longer period than said two years, the completion of the tracks on such part shall be made within six months after the date of such opening or extension. The construction of said railway shall be begun within six months after the passage of this ordinance. It is provided, however, that if said parties, their legal representatives, successors or assigns are necessarily delayed, or prevented from complying with this section, without their fault or connivance, by the order or injunction of a court of competent jurisdiction, the time of such delay shall be excluded from the time or times above prescribed, and the same time in addition to said prescribed periods shall be allowed for the construction and completion of said railway as that occasioned by such delay.

SEC. 5. The cars to be used upon said tracks shall be operated with animal power only; and said railways shall not connect with any other railroad on which other power is employed, and no railway car or carriage used upon any railroad in this State using steam power shall be run or passed upon said tracks.

SEC. 6. The said tracks shall be used for the transportation of passengers and their ordinary baggage, for local freight and supplies during the first five years of the grant, and for no other purpose except such as may be permitted by said Board of Trustees. The said Board of Trustees shall have power at all times to make such regulations as to the rate of speed and time of running said cars or carriages as the public safety and convenience may require. Provided that said cars and carriages shall not be required to run except in connection with trains as provided in section nine of this ordinance, oftener than once in two hours during the first year, and once in every hour during the second year after the said railroad shall go into operation.

SEC. 7. The tracks of said railways shall not be elevated above the surface of the street, shall conform in kind, quality, and material with the provisions of the general ordinance of said village concerning horse railroads, and shall be so laid that carriages and other vehicles can easily and freely cross said tracks, at any and at all points, and in any and all directions, without obstruction. Whenever two tracks shall be constructed on the same street, they shall be laid parallel, as far as practicable.

SEC. 8. The rate of fare for any distance within the present limits of said Village of Evanston shall not exceed six cents, except when cars or carriages may be chartered for special purposes.

SEC. 9. The cars or carriages for passengers used upon said railways shall be run so as to furnish convenient connections with every passenger train of the Chicago & Northwestern Railroad Company arriving or departing in the day time at or from any depot of said company in said village.

SEC. 10. The said parties named in section one, their legal representatives, successors or assigns, shall, at their own expense, as respects grading, macadamizing, improving, filling or planking, keep eight feet in width along the line of said railways, on all streets whereon one track is constructed, and sixteen feet in width along such line on all streets where two tracks are constructed, in good repair and condition during the period of time to which the privileges granted in this ordinance shall extend, so that wagons, carriages and other vehicles can cross and re-cross at any and all points, and in any and all directions. When any new improvement, grading, macadamizing, re-macadamizing, graveling, re-graveling, filling, re-filling, planking, or re-planking, or otherwise, shall be ordered by said Board of Trustees in any of said streets, or parts of said streets, the said parties, their

legal representatives, successors or assigns, shall in the same manner, and with like material as that required of the owners of property by said Board in other parts of said streets, make such new improvements on eight feet as aforesaid where a single track is used, and on sixteen feet, as aforesaid, where a double track is used; and in case of their refusal, failure or neglect to make such new improvements within the reasonable time required by said Board of Trustees, the work may be done by said village, and the cost assessed on said parties, owning or operating said railway, and collected as other assessments, from any real or personal property of such parties. If the said Board of Trustees shall deem it inexpedient that such new improvement should be so made by said parties, then the same shall be done by said village, as in other cases, and the cost thereof assessed and collected of said parties, as in other cases; and if said parties shall refuse or neglect to make any necessary repairs, as aforesaid, after twenty days' notice from the said Board, the said village may make the repairs and collect the cost thereof by suit at law, in any court of competent jurisdiction, from said parties, their legal representatives, successors or assigns.

SEC. 11. The said parties, their legal representatives, successors or assigns, owning or operating said railways or any part thereof, shall be liable for all legal consequential damages which may be sustained by any person by reason of the carelessness, negligence, or misconduct of any of the agents or servants of them in the course of their employment in the construction or use of said railways, or any part thereof.

SEC. 12. All rights heretofore vested in said Board of Trustees, or their grantees, to use any of said streets, or parts thereof, for water-mains, pipes, gas-pipes, drains and sewers, and to regulate such use, are not to be impaired or affected by anything in this ordinance contained, but the rights and privileges hereby granted shall be subject thereto, and to the provisions of the general ordinance of said village concerning "Horse Railroads."

SEC. 13. If the said parties, their successors or assigns, shall fail to complete any of the aforesaid railways, mentioned in section two aforesaid, at the time or times provided and according to the condition prescribed in the fourth section of this ordinance, or shall willfully refuse after reasonable notice from said Board of Trustees, to conform to all the other terms and conditions of this ordinance, and the terms and provisions of the general ordinance of said village concerning horse railroads, and continue such refusal or neglect to comply for a period of thirty days after such notice, then the rights and privileges granted by this ordinance shall cease and be forfeited to said Village of Evanston; provided, however, that said Board of Trustees may grant to said parties, their successors or assigns, an extension of such time, or for good cause, by order or resolution, waive such forfeiture by any such non-compliance.

SEC. 14. The said Isaac R. Hitt, George M. Huntoon, Merrill Ladd, and Simeon V. Kline, shall enter into a bond, payable to said Village of Evanston, in the penal sum of ten thousand dollars (\$10,000), conditioned for the faithful performance by said parties, their legal representatives, successors, or assigns, of all the terms and conditions of this ordinance, and that the railways aforesaid shall be completed at the time and in the manner in this ordinance specified, unless delayed by the order or injunction of some court of competent jurisdiction from so completing the same. And until such bond is made and approved by said Board of Trustees, this ordinance shall have no force or effect whatever. In case such bond or any subsequent bond taken, shall, in the judgment of said Board, from any cause become impaired as security in said sum, the said parties, their successors or assigns, shall, upon the demand of said Board, execute a new bond or bonds, from time to time, in like penalty, and conditioned as aforesaid.
